Job Description			
<p>We are currently seeking an experienced Plumber to join our Mechanical Division. You will be responsible for providing a comprehensive maintenance, repair and installation service to buildings and equipment at a range of properties and facilities throughout the County Antrim area. This will include diagnosing and repairing faults as required, compliance with safety regulations, conducting routine inspections, and providing high-quality service in line with operational requirements.</p> <p>Hours: 39 hours per week</p> <p>ROLE AND RESPONSIBILITIES</p> <ul style="list-style-type: none"> • Plumbing Maintenance and Repair: <ul style="list-style-type: none"> • Carry out routine and emergency plumbing repairs and installations. • Repair and replace faulty components such as taps, valves, water heaters, and other fixtures. • Detect, diagnose, and fix leaks, blockages, and drainage issues. • Installation and Upgrade of Plumbing Systems: <ul style="list-style-type: none"> • Install, maintain, and repair hot and cold water systems, heating systems, and sanitary installations in accordance with statutory regulations and manufacturers' instructions. • Assist in installing new plumbing systems for council construction or refurbishment projects. 			

- **Routine Inspections and Preventative Maintenance:**

- Perform routine inspections of plumbing systems and infrastructure to identify any potential issues.
- Develop and execute preventative maintenance schedules to reduce breakdowns and extend the lifespan of plumbing fixtures and systems.

- **Customer Service and Communication:**

- Provide excellent customer service to both staff and members of the public, responding to complaints or queries in a timely and professional manner.
- Liaise with other tradespeople, contractors, and service providers as needed to ensure efficient coordination of work.

- **Record Keeping and Documentation:**

- Maintain accurate records of work completed, materials used, and any other relevant documentation required for company reporting.
- Ensure all installations and repairs comply with local building regulations and codes.

QUALIFICATIONS AND EDUCATION REQUIREMENTS

- NVQ Level 2 or 3 in Plumbing and Heating or equivalent.
- Proven experience as a Plumber either in public sector or plumbing and maintenance contracts.
- Experience working on both commercial and domestic plumbing systems.
- Strong knowledge of plumbing systems, water heating systems, and drainage systems.
- Ability to diagnose and solve plumbing-related issues quickly and efficiently.
- Good understanding of relevant health and safety legislation.
- Full, clean UK driving licence.
- Ability to work independently and as part of a team.
- Flexibility to work outside of normal hours when necessary (e.g., for emergencies).
